

# Customized Vegetable Shares

## 2019-2020 Season

All Vegetable Share contents are based on what we are harvesting and your preferences. Wait...it gets better. Each week you will have the option to swap out items online for other items that are available. We use Harvie, a one-of-a-kind CSA software platform that helps you and us with all this fancy stuff.

**No more getting what you don't like. Lots more getting what you love.**

### **STANDARD SEASON VEGETABLE SHARES** mid June - Oct

#### **SMALL SHARE \$20/week for a 20 week season (\$400)**

This is our practical share. Not too much but enough to be sure you eat your veggies each week! It is a good amount for a small household with 1-2 people. Or the perfect size if your partner is anti-veggie and you have to sneak them into their diet without them noticing.

#### **MEDIUM SHARE \$30/week for a 20 week season (\$600)**

This share is a good amount of veggies for someone who isn't afraid to cook. Typically it works well for a 3 to 4 person household. Sometimes there might even be enough to squirrel veggies away in the freezer for winter time. If you like a balanced diet with veggies showing up in most meals then this is the size for you.

#### **LARGE SHARE \$40/week for a 20 week season (\$800)**

This share is for the inner herbivore in us all. It should be plenty of produce for a 4+ person household. You will likely have some extras to freeze so that you can thank yourself in the winter when your going through pepper and tomato withdrawals.

### **EXTENDED SEASON SHARE** November-January

#### **\$40/box for a total of 6 pickups: November**

These shares are filled with delicious fall root crops (carrots, beets, potatoes, onions, garlic, shallots, parsnips, rutabaga, turnips, celeriac), some leafy greens in the November shares (kale, celery, cabbage), winter squash, and local items such as maple syrup, honey, popcorn and apples. The quantities will be a hearty amount to feed a household of 3 to 4 people for 1-2 weeks (very dependent on eating habits).

### **PASTA SHARE OPTIONS** from Dalla Terra Pasta, Appleton

**PASTA SHARE \$7/week** Dalla Terra makes premium, handmade pasta that is SUPER delicious! Example flavors are: Basil, Garlic, Mushroom Sage, Lemon Pepper, Roasted Red Pepper, Spinach Garlic, Sweet Potato and Saffron. The pasta is dried and has a very long shelf life. The types of pasta will also vary throughout the season: spaghetti, pappardelle, lasagna, etc. Pasta Shares are only offered during the Standard Season AND the Extended Season.

### **MUSHROOM SHARE OPTIONS** from Gourmet Delight, Eden

**CRIMINI (Baby Bella) MUSHROOM SHARE \$6 week** Gourmet Delight is a family owned operation that grows high quality mushrooms in an indoor facility about 15 miles from the farm. They are certified Organic, fresh and delicious! The mushroom share is a 1 pound bag of crimini mushrooms. Choose from a bag every week OR every other week. Mushrooms are only offered during the Standard Season (June-October).

## PAYMENT OPTIONS

All payment for shares is with credit card or debit card through the Harvie.farm website. Don't worry, it is secure and convenient. There are 2 Payment Options:

**PAYMENT IN FULL:** Since a bulk of the farms expenses occur prior to the start of the season (spring labor, seeds, soil, supplies, machinery maintenance, etc), this is the preferred method of payment but not required.

**DEFERRED PAYMENT:** You are charged 25% of your total due at the time of sign up, 25% the first week of shares, and the remaining 50% is divided equally across the seasons deliveries. Example: Small Standard Season Share is 20 weeks for \$20/week = \$400. You pay \$100 at sign up, \$110 the first week of share delivery and \$10 each week for the remainder of the 20 week season (\$190).

## OTHER IMPORTANT INFO

**VACATIONS, DOUBLE BOXES and PICKUP SITE CHANGES:** Going on a vacation? Now you don't have to miss out on your veggies! You can reschedule the week you are going to be gone to a different week and we will pack you 2 shares on the week you choose. Working out of town some weeks and wish you could stop at a different site for pickup? No problem! Schedule a pickup site change prior to that weeks delivery. You can reschedule your share up to 3 times during a season.

**WORKER SHARE PROGRAM:** Worker shares work in exchange for their share (limit of 20 total worker shares for the season). It is a VERY important commitment to the farm. Each worker is required to work a weekly shift for a total of 20 weeks (same time/day each week for the entire 20 week+ season). If you are interested in this option visit our website for further information.

**MEMBER AGREEMENT:** During signup you will need to agree to the member agreement which outlines important information about if you miss a share pickup or have any issues with your share quality. Be sure to read through it and ask us any questions you might have...we are here to help and the agreement is there to improve your experience.
